

Dear Friends of Baptiste Lake,

On behalf of the Baptiste Lake Association's Board of Directors may I say how very pleased we are that after 5 years of hard work by so many who served on the Lake Planning Committee, under the chairmanship of Menna Weese, we have successfully completed the Lake Plan and it is now printed and available for distribution.

This project as you know would not have been possible without the support of so many in our Baptiste Lake community who generously contributed financially as well as offered their help in numerous ways as the project moved on to its completion.

We all celebrate this accomplishment with pride, but of course this is only the first phase as there is much to be done in the future as we work towards implementation of the many recommendations for action in the document.

Moving forward on Phase Two on a 5 year action plan will require further involvement and commitment by our community. I would urge you to get involved and consider providing your personal expertise and assistance as we develop our plans for the Implementation of the Recommendations.

Please contact me at call 613-332-5439 or at diana.t.gurley@gmail.com to order a copy of the Lake Plan document (\$20 plus \$5 for mailing), or you may also instead request a CD which has now been prepared for distribution.

With all good wishes for 2010 to you and your families,

Diana Gurley
President
